## **CHIEF ARCHITECT SUPPORT & SOFTWARE ASSURANCE PROGRAM ANNOUNCED**

**COEUR D'ALENE, ID, September 30, 2008** – Chief Architect, Inc. announced a new Support & Software Assurance program today. Support & Software Assurance is available to all users and provides the following benefits for a one-year period:

- » New Releases, Updates and Major Upgrades
- » Free Priority Technical Support
- » Access to the Online Video Training Series
- » Free Access to Premium Download Catalogs
- » 25% Discount on Training Seminars

“Support & Software Assurance will provide our users with a great value where they can always have the most current version of Chief Architect, access to over 400 online training videos, free priority technical support from our world-class customer support organization, access to our library content, and additional discounts” said Scott Harris, Vice President of Sales and Marketing for Chief Architect.

Support & Software Assurance (SSA) is available now for \$395\*. Customers can order SSA and get immediate access to all the training videos, which alone sell separately for \$995. Customers will also receive the latest upgrade – which will include the newest product, Chief Architect X2, due out in the first quarter of 2009. Further, those that purchase SSA prior to February 1<sup>st</sup> will receive up to an additional four months of service. SSA is an optional program – Chief Architect can continue to be purchased or upgraded with or without SSA.

\*Discounts are available to customers with multiple licenses; SSA pricing will vary depending on which version of Chief Architect you own. For additional information on the Support & Software Assurance program visit [www.chiefarchitect.com/products/ssa.html](http://www.chiefarchitect.com/products/ssa.html) , email sales at [sales@chiefarchitect.com](mailto:sales@chiefarchitect.com) or call 208.292.3400.
